**PART V – EVALUATION CRITERIA & PRICE BID ISSUES**

1. **Evaluation Criteria** - The broad guidelines for evaluation of Bids will be as follows:
  - a. Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the RFP, both technically and commercially.
  - b. The Bids forwarded by the Bidders will be evaluated by the Buyer with reference to the technical characteristics of the equipment/work as mentioned in the RFP. The compliance of Technical Bids would be determined on the basis of the parameters specified in the RFP. The Price Bids of only those Bidders will be accepted whose Technical Bids would clear the technical evaluation.
  - c. The Lowest Bid will be decided by E-tendering system upon the **overall lowest price quoted** by the particular Bidder based on the annual consumption of complete schedule as per the Price Format given at BOQ. All taxes and duties (including those for which exemption certificates are issued) quoted by the Bidders will be considered. The ultimate cost to the Buyer would be the deciding factor for ranking of Bids.
  - d. The Bidders are required to spell out the rates of GST and any other tax in unambiguous terms; otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of any tax is intended as extra, over the quoted prices, the Bidder must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duties will be entailed after the opening of tenders. If a Bidder chooses to quote a price inclusive of any duty and does not confirm inclusive of such duty so included is firm and final, he should clearly indicate the rate of such duty and quantum of excise duty included in the price. Failure to do so may result in ignoring of such offers summarily. If a Bidder is exempted from payment of Customs duty / Excise Duty or any other tax upto any value of supplies from them, they should clearly state that no excise duty will be charged by them up to the limit of exemption which they may have. Stipulations like, excise duty or any other tax was presently not applicable but the same will be charged if it becomes leviable later on, will not be accepted unless in such cases it is clearly stated by a Bidder that any tax will not be charged by him even if the same becomes applicable later on. In respect of the Bidders who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of excise duty which is normally applicable on the item in question for the purpose of comparing their prices with other Bidders.
  - e. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.
  - f. The Lowest Acceptable Bid will be considered further for placement of contract / Supply Order after complete clarification and price negotiations as decided by the Buyer. The Buyer will have the right to award contracts to different Bidders for being lowest in particular items. The Buyer also reserves the right to do Apportionment of Quantity, if it is convinced that Lowest Bidder is not in a position to supply full quantity in stipulated time.
2. **Price Bid Format**: The Price Bid Format is placed at **BOQ** and Bidders are required to fill this up correctly with full details.
